President's Statement

The positive development continued during the fourth quarter with order bookings growing by 22 percent and revenue by 19 percent. For the full year revenue increased by MSEK 83, equivalent to 18 percent. This also means that our operating profit increased by 13 percent during the quarter, and by as much as 47 percent for the full year. Strong order bookings during the quarter also portend a good start for 2017.

Our main markets, England, Germany and Scandinavia, continue to develop well, both in terms of increased sales to existing customers as well as several new customers. At the same time the textile and fashion business in these markets have only grown by 1-2 percentage points, which clearly demonstrates our strength and that we are continuing to gain market shares.

We are also continuing to develop well on the Italian market, as well as in Portugal and Spain.

Sustainability is a focus area for Nilörn and in January 2017 Anna-Karin Wårfors was hired to serve as Sustainability Manager for Nilörngruppen. Ana-Karin comes to us from an equivalent position at Gina Tricot.

Since the requirement for short lead times and high levels of service continue to escalate in the industry, we are working diligently on making the production and logistic processes more efficient. During the year we invested in customer-specific IT solutions, both in terms of systems and by adding competent associates, which enables us to have the sharpest offer in the market.

We achieved an all-time-high during 2016 in terms of revenue and profit and we enter 2017 with strong order bookings and with many exciting projects under way.

I am convinced that the prerequisites for a continued exciting journey and a profitable development are in our future.

Claes af Wetterstedt

Period October - December

Order bookings

Order bookings increased by 22 percent compared to the corresponding year-ago quarter, amounting to MSEK 169 (138). The increase is attributable to existing as well as new customers and all markets, which makes for good risk diversification, all of which is positive for the next quarter.

Net revenue and profit

Net revenue increased by 19 percent to MSEK 174 (146). The gross margin was 47.7 (48.1) percent. The slightly lower margin is primarily attributable to customers with large volumes and slightly lower margins.

External costs increased to MSEK 25.0 (20.6) and personnel costs grew to MSEK 35.4 (28.8). Personnel costs were burdened by higher annual bonuses than last year as a consequence of our strong earnings.

Operating profit was MSEK 22.1 (19.6), which gives an operating margin of 12.7 (13.4) percent.

Taxes amounted to MSEK 6.0 (3.3) and profit after taxes amounted to MSEK 15.4 (16.1). The relatively high amount of taxes during the quarter is due to a prior-year adjustment in Bangladesh.

Cash flow, capital expenditures, financing and liquidity Cash flow from operating activities amounted to MSEK 24.5 (18.3).

Cash flow from investment activities amounted to MSEK -2.5 -1.3). Net cash and cash equivalents stood at MSEK 9.7 (5.0) at the end of the period.

Period January - December

Order bookings

Order bookings increased by 18 percent, amounting to MSEK 638 (540).

Net revenue and profit

Net revenue increased by 16 percent to MSEK 610 (527). Exchange rates had a negative effect on revenue. The gross margin was 46.9 (47.3) percent.

External costs increased to MSEK 84.5 (81.6) and personnel costs increased to MSEK 123.7 (113.1) MSEK. The average number of employees increased during the year and now stands at 358 (335). Personnel costs grew due to higher annual bonuses as a consequence of strong earnings.

Operating profit amounted to MSEK 75.0 (50.8), generating an operating margin of 12.3 (9.6) percent.

MSEK 17.7 (11.0) was paid in taxes, which resulted in a tax expense of 24 (22) percent. The relatively high level of taxes is attributable to an adjustment in prior years in Bangladesh. Profit after taxes amounted to MSEK 56.2 (39.0).

Cash flow, capital expenditures, financing and liquidity Cash flow from operating activities amounted to MSEK 54.5 (32.4).

Cash flow from investment activities amounted to MSEK –17.4 (–20.5), of which MSEK 11.0 MSEK is attributable to building a plant in Bangladesh. In the year before a major portion of the amount related to acquiring a property in Borås.

Personnel

The average number of employees in the Group was 358 (335), 173 (161) of whom were women.

Risks and uncertainty factors

Given its international operations, Nilörngruppen is always subject to a variety of financial risks. The significant risks and uncertainty factors facing Nilörngruppen are described in Nilörngruppen's 2015 Annual Report, note 2. The risks reported are deemed to be essentially unchanged.

Nomination committee

Since the ownership structure is clear, with Traction owning a majority of the voting stock and since there are no other owners with major stakes, Nilörngruppen does not have an appointed nomination committee. However, shareholders are always welcome with opinions and/or suggestions for the composition of the Board of Directors to its Chairman, Petter Stillström telephone +46-8- 506 289 00.

Annual General Meeting

The Annual General Meeting will be held at 5:00 p.m., 3 May 2017 at Nilörngruppen's head office in Borås. The Annual Report will be available on the Company's website no later than three weeks before the Annual General Meeting.

Dividend

The Group's dividend policy states that 60-90 percent of consolidated comprehensive profit is to be paid as dividend. The Board of Directors has decided to propose to the Annual General Meeting a dividend of SEK 3.60 (3.00) per share, equivalent to 41MSEK . The proposal is equivalent to 73 percent net comprehensive profit for the year, which is consistent with the Company's relatively low indebtedness.
