Same commitment. More possibilities.

NILÖRN

PART OF TRIMCO GROUP

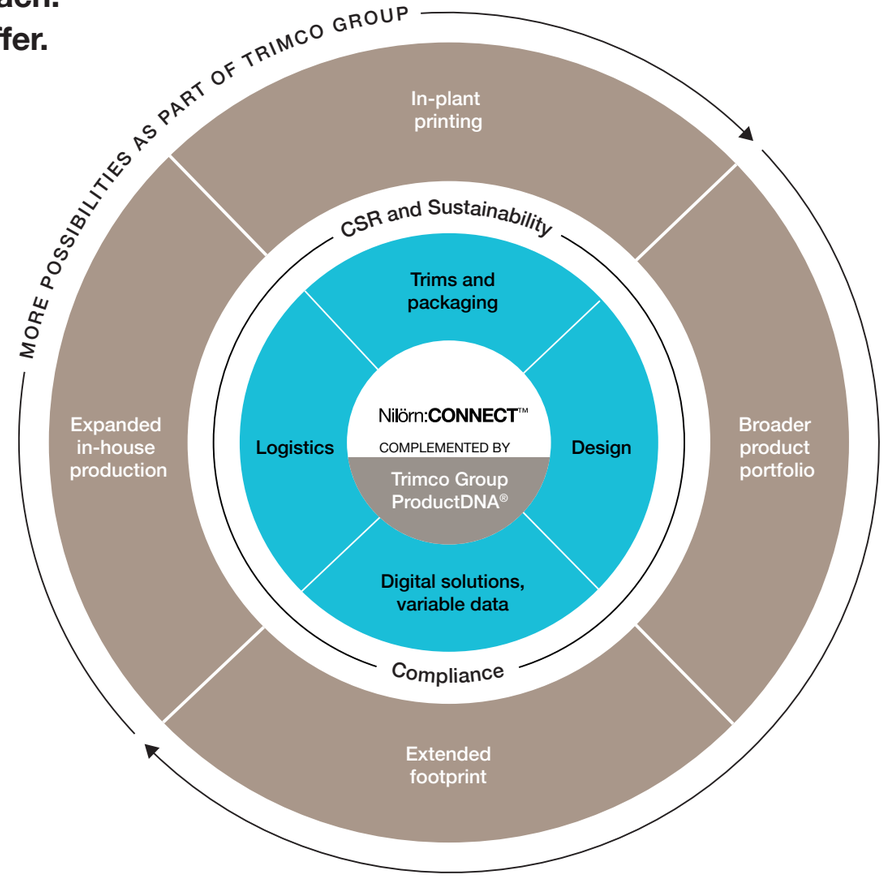
> We turn ideas into solutions that strengthen brands and create value.

Our approach to branding and labelling.

We add value to your brand.

Through close collaboration, design expertise and material knowledge, we help brands turn ideas into solutions that work across the global supply chain. Our focus has always been on understanding your brand, your challenges and your ambitions.

Same approach.
Expanded offer.
More reach.



Nilörn.
Now part of Trimco Group.

What matters stays. What we can offer grows.

The Nilörn model remains at heart. As part of Trimco Group, that same expertise and customer focus are backed by a broader portfolio, expanded technology, production capabilities and extended global presence.

More
to offer.

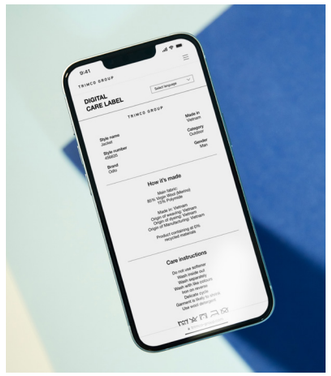
Being part of Trimco Group expands our product portfolio, production and digital capabilities – giving us more ways to bring your brand to life.

Closer to market

Production and footprint

Expanded in-house production and a broader global network – bringing capacity and expertise closer to your markets.

Expanded offering



Trimco Group ProductDNA®

Complementing Nilörn: CONNECT™. Expanding our digital capabilities with greater upstream visibility, transparency, traceability and compliance.

Paper hangers

Innovative alternatives designed to reduce plastic without compromising functionality or presentation.

In-plant printing

Variable data and RFID printing closer to production – supporting efficiency and accuracy.

What remains
at our core.

What matters stays.

Close relationships, expertise and commitment that have always defined Nilörn continue to guide how we work as part of Trimco Group.

Local relationships.

Close collaboration and personal commitment from people who understand your business.

Design and innovation.

Creative thinking and solutions developed around your brand.

Sustainability and compliance.

Responsible materials, production, transparency and compliance.

Global reach.
Closer to market.

A broader global network brings production, expertise and capacity closer to your business — wherever you operate.
